## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/22/04 has been entered.

### ***Priority***

2. Submission of the certified translation of the Japanese Priority Document (JP 2000-191904) is acknowledged. Therefore, Kitano USPN 6,554,454 is not available as a prior art.

### ***Allowable Subject Matter***

3. Claims 1-19 are allowed.

4. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose the device structure as recited in independent claim 1. Specifically, the references of record do not teach or fairly suggest an image display device structure as recited in the instant application. For these reasons claim 1 is deemed to be allowable over prior art and claims 2-19 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
